

SKATELAND ADVENTURES

A brand new game for Game Boy Color

Inspired by classics like *Wonder Boy*, *Adventure Island*, *California Games*, *Cool Spot*, *ToeJam & Earl*, *Greendog*... ***Skateland Adventures*** brings fresh summer vibes, a funky 90s power-funk soundtrack, and the kind of gameplay you pick up for five minutes and put down an hour later, all driven by the rhythm of your skateboard.

Choose between two rad skaters: Slime Stone, the snail or Tony Turbo, the turtle: different physics for different tastes. The turtle is faster but runs out of energy sooner. The snail is more balanced overall.

Pull off tricks in mid-air and rack up high scores while dodging obstacles and racing to the goal before you run out of energy. Hop on the rails to activate TURBO speed, nothing can stop you!

Kaiman Games is Carlos and Enrique, two developers based in Sevilla, Spain, building original games for Game Boy and Game Boy Color. We're always open to collaborations, press inquiries, and good conversations about retro game development. Drop us an email or find us on social media.
